

Nebo Remote Learning Instructions

Dear Students and Parents,

Thank you for enrolling in Nebo's Remote Learning online courses. We appreciate your patience as this program has been pulled together in a short period of time.

This email contains information students need to:

- access courses
- work through the courses
- contact the teacher (students & parents)
- understanding due dates & pacing

To Access your Nebo Remote Learning courses:

1. Log in to your Nebo Student email account. Leave this tab open.
2. Open a new tab and go to: <https://canvas.nebo.edu/>
3. You will automatically be logged into your Nebo Canvas account
4. Click on your Dashboard and you will see all your courses

Working through the Courses:

Here are a few things to keep in mind as you get started.

- * Work through the course using the "Home" tab
- * Complete the various course pieces working from top to bottom
- * Prepare to login to your courses everyday and submit something in each class at least every other day

- * Each course will take 40-50 hours to complete depending on the student
- * Remember that you will have a final exam at the end of each course. As the end of the term gets closer, watch for announcements about taking your exams.

Contacting the teacher (students & parents)

- * If students have questions or need help, contact your teacher through the Nebo Canvas Inbox. [This link takes you to a Inbox instructional Tutorial.](#)
- * Parents may use their student's Inbox to contact the teacher.
- * Or parents may create an Observer Account and communicate with the teacher through the Inbox in that account. Please follow [these instructions to create a Parent Observer Account.](#)
- * Teachers have 2 business days to respond to to your Inbox message. Please be patient with them.

Due Dates

- * Due dates are set as a pacing guide for students.
- * All assignments are due on Thursdays to help students organize their time.
- * Follow the assigned due dates as closely as possible to stay on track for on-time course completion.
- * Students may work at their own pace and complete the course early.
- * If you do end up submitting something after a due date, you will not be docked points for the submission being late.
- * Teachers will score submissions made within 2 business days. Please be patient with the teachers.

We hope you enjoy your Nebo Remote Learning courses! Please contact me or anyone on my Nebo Online Program team for questions. We are here to help and want everyone to have a successful experience.

Thank you,

Anna Palmer & the Nebo Online Programs Team
